6MM FULL COLOUR VIDEOBOARDS

PROJECT: BURLINGTON PERFORMING ARTS

Address: Locust Street at Elgin, Burlington, ON

Replacement of old illuminated paper poster cavities with glass doors for full color exterior grade videoboards.

Project entailed the removal of the glass covers, reconditioning of the existing light box cavities and installation of brand new digital boards on a custom made structure, then cladding with powder coated perforated aluminum for breathability and aluminum composite panelling for a clean install. Followed by City of Burlington vinyl graphics.

INDOOR & OUTDOOR FRAMELESS BANNERS SYSTEMS

City of Hamilton - Downtown - James Street North District (Hamilton, ON)

With **no size limitations**, these **waterproof vinyl banners** are stretched and installed framelessly outdoors, offering a full colour rendition of any advertisement piece, art use or even signage of any application. This option is ideal for seamless images, and more importantly, the ability to **exchange the graphics** easily for new ones is what makes these systems unique and economical.
